

## UN8400A-6055H-D

High-speed oil-free pattern template machine (rotary head)

### Product features

XY adopt the transmission method of screw and sliding table, driven by servo motor that high stability; through the RFID barcode to identify the pattern, automatically switch out the corresponding sewing program and quickly sew. The machine head can rotate at any angle to track sewing stitches to ensure the quality of sewing stitches; the electronic presser foot is suitable for step sewing; the oil-free rotary hook on the machine head is slightly oily and will not easily contaminate the fabric; the circular knife has high thread trimming stability and is easy to maintain; suitable for sewing thick materials such as leather and airbags.

### Practical application

Car seat

Airbag

Massage chair

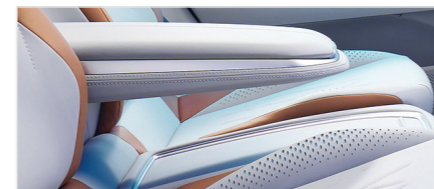

Bags and suitcases

Sneakers

Aviation interior

Car interior

Golf bag

High speed rail interior

### Technical parameter

Model	UN8400A-6055H-D	UN8404A-6055H-D
Sewing area	600mm x 550mm	
X Y drive mode	X Y three-screw transmission	
Stitch	Single needle 301 stitch	
Max. speed	1800r/min	
Stitch length	0.5-12.7mm	
Needle type	DB×17 (#8) #18~25	
Hook type	Full rotation double hook	
Intermediate presser foot adjustment range	Stroke: Standard 4mm/Lifting amount:20mm	
Program input method	USB	
Template holding mode	Pneumatic clip type or compression type	
Voltage	220V	
Air pressure	0.4-0.6MPa	
Power	750W	
G/N weight	677kg/552kg	
Carton size	1950mm x 1300mm x 1750mm	

Optional: suction device/ heavy material/ automatic mould change/automatic hook change
