

UNIQUE

Smart Service & Solution

UN8220A-12080-D Production line template sewing machine

Laser cutting range
1040x770mm

Knife cutting range
1090x740mm

Table size
2185X2180mm

Product features

XY double-screw transmission, through the RFID barcode to identify the pattern, automatically switch out the corresponding sewing program and quickly sew. The electronic follow-up presser foot accurately presses the sewing material to prevent the occurrence of faults such as thread skipping and thread breakage. Modularly equipped with laser and knife device, it is suitable for template sewing processes such as pocket welting, pocket cover and collar making.
